- (2) Notwithstanding any provisions of the *Planning Act*, if upon inspection an officer as defined in section 43 of the *Planning Act*, is satisfied that in some respect any property violates the standards in a manner that constitutes an urgent hazard to the health or safety of any person, the officer may make an order requiring the violation to be corrected immediately and forthwith after making an order under this section and before the order is served, confirmed or modified in accordance with this section, the Borough, through the officer, may

forthwith take or cause to be taken, whatever measures the officer deems necessary to correct the violation, but not to the extent of permitting entry into the interior of any buildings without permission of an affected party, and for those purposes in addition to all its remedies,

- (a) the Borough and anyone acting on its behalf shall have the right with its servants and agents from time to time to enter in and upon the land and adjoining land and demolish or repair the property or lands; and
 - (b) the Borough or anyone acting on its behalf shall not be liable to compensate the owner, occupant or any other person by reason of anything done by or on behalf of the Borough under the provisions of this section, including anything done without notice to such persons.
- (3) Immediately after the violation is corrected, as referred to in section 3 (2) the officer shall serve or cause to be served a copy of the order in accordance with subsection 43 (6) of the *Planning Act*.
- (4) The order made under section 3 (2) shall,

 - (d) contain notice of the provisions of sections 3 (5), 3 (6) and 3 (7).
- (5) Notwithstanding the provisions of subsection 43 (17) of the *Planning Act*, after a copy of the order has been served in accordance with subsection 43 (6) of that Act, the officer shall apply to the Property Standards Committee of the Borough for confirmation of the order, and after affording a reasonable opportunity to every person on whom an order has been served to make representations as he sees fit, and after inspecting the

property in the presence of any such person if so requested by him in writing, the Committee has the powers and functions of the officer and shall either confirm the order or refuse to confirm the order.

- (6) The Borough or the owner of the property affected by a decision of the Property Standards Committee under section 3 (5), may appeal the decision to a judge of the county court of the Judicial District of York in the same manner as provided in section 43 (19) of the *Planning Act*.
 - (7) (a) Where the Property Standards Committee confirms an Order made under section 3 (2) and the decision of the Committee is not appealed in accordance with the provisions of section 3 (6), or where on appeal the judge confirms the Order, the Borough in addition to all other remedies shall have a lien for any amount expended by or on behalf of the Borough under the authority of section 3 (2) together with interest thereon at the rate to be fixed in the manner provided in section 3 (8) upon the property in respect of which such amount was expended, and the certificate of the clerk of the municipality as to such amount shall be final, and such amount shall be deemed to be taxes and may be added to the collector's roll to be collected in one year or to the proper collector's rolls to be collected in instalments over a period of not more than five years, and the amount of each instalment may be collected in the same manner as real property taxes and enforced with the same rights and remedies and is until so collected or otherwise paid, a special lien upon the land as provided for in section 369 of the *Municipal Act*.
 - (b) where the Property Standards Committee refuses to confirm an Order made under section 3 (2) and no appeal is made or where the judge on appeal refuses to confirm the Order, the Borough shall bear the amount expended by or on behalf of it under the authority of section 3 (2).
- (8) Any interest chargeable under the authority of this section shall be at the

rate charged by the Borough on its overdue taxes from time to time.

- (9) Notwithstanding the *Planning Act*, the inconsistency of any provision of this section with any provision of the *Planning Act* governing the same or similar subject matter, does not operate, and shall be deemed never to have operated, to repeal any provision of this section to the extent of such inconsistency and a by-law passed within the authority of this section continues good and valid notwithstanding such inconsistency.

4. Front Yard Parking.

Authorizing, pursuant to permits issued, front yard parking within the municipality or any defined area or areas thereof and section 39 of the *Planning Act* does not apply to a by-law passed under this section and the by-law may,

- (ii) that the Borough or anyone acting on its behalf shall not be liable to compensate the owner, occupant or any other person by reason of anything done by or on behalf of the Borough under the provisions of this section, including anything done without notice to such persons.

- (b) The Borough has a lien for the amount expended by or on behalf of the Borough in carrying out any of the obligations of an owner or occupant under this by-law, and the certificate of the clerk of the Borough as to the amount so expended is final, and such amount shall be added to the collector's roll of taxes for the current year and shall be deemed to be taxes dues upon the land and may be collected in the same manner as municipal taxes, together with interest thereon, accruing from the date of being added to the collector's roll at the same rate as interest added by the Borough under section 412 of the *Municipal Act* to taxes due and is, until so collected or otherwise paid, a special lien upon the land as provided for in section 369 of the said Act.

- (c) For each and every day that the owner or occupant fails to comply with the provisions of the by-law, a penalty of \$100.00 per day shall be exacted and shall be payable forthwith by the owner or occupant, failing which the said penalty may be collected in the same manner as provided for in section 9 (2) (b).

modation with him where occupancy of such housing accommodation by adults and children is deemed appropriate thereto by the policy statement. A policy statement referred to in this section shall be deemed not to be a policy statement within the meaning of section 17 of the *Housing Development Act*. Nothing herein contained shall affect the powers of the Borough to enact by-laws relating to standards of maintenance and occupancy.

11. Tax credit and refund authorized.

- 2. No credit or refund shall be allowed to any person who has not made application therefor in the year in which the municipal taxes in respect of which the credit or refund is claimed become due and payable.
- 3. A credit shall be allowed for municipal taxes imposed on any real property only on pay-

ment of the remaining portion of such municipal taxes.

4. No refund shall be allowed for municipal taxes imposed on any real property in any year unless such municipal taxes have been paid in full in that year.

5. Where the municipal taxes payable by an owner in the year, before any credit or refund, are less than an amount equal to the sum of \$150.00 plus the amount of the maximum grant that may be paid to the owner or his or her spouse under section 2 of the *Ontario Pensioners Property Tax Act*, the credit or refund shall be the amount by which such municipal taxes exceed the amount of such maximum grant.

(c) Notwithstanding paragraph 4 of clause (b), where the amount of an allowable credit of municipal taxes in any year is greater than the amount of the municipal taxes unpaid in that year, the difference between such amounts may be refunded and the unpaid portion may be allowed as a credit.

(2) A by-law passed under clause (a) of subsection (1) may,

(a) provide for the continuation of the credits or refunds to the surviving spouse of a deceased person to whom a credit or refund was allowed, if the spouse otherwise qualifies for the credit or refund except for the qualification set out in paragraph (iii) of clause (a) of subsection (1); and

(b) prescribe such regulations with respect to the administration of the by-law, not inconsistent with this Act, as the council of the Borough may consider proper.

(3) (a) The amount of any credit or refund allowed from time to time under a by-law passed under clause (a) of subsection (1) shall be a lien in favour of the Borough upon the real property in respect of which the credit or refund has been allowed and the lien shall have priority over,

(i) any encumbrance upon the property arising before or after the date of registration of the notice mentioned, in clause (c) if the encumbrancer is a rela-

tive by blood or marriage of the person to whom the credit was allowed; and

- (ii) any other encumbrance upon the property arising after the date of registration of the notice mentioned in clause (c).
- (b) The amount of the lien shall become due and be paid to the Borough upon any change in ownership of the real property except,
 - (i) where the new owner is the husband, wife, brother or sister of the person to whom a credit or refund was allowed and is a person entitled to a credit or refund under a by-law passed under this section; or
 - (ii) by way of a mortgage other than a sale or foreclosure under the mortgage.
- (c) Where a by-law passed under clause (c) of subsection (1) is in force, forthwith after a credit or refund has been allowed under the by-law for the first time in respect of any real property or for the first time after a lien under this section in respect of any real property has been discharged, a notice signed by the treasurer of the Borough stating that a credit or refund has been allowed together with a description of the real property sufficient for registration shall be registered in the proper land registry office and, upon payment in full to the treasurer of the Borough of the amount of all outstanding credits and refunds allowed in respect of the property, a certificate of the treasurer of the Borough showing the payment shall be similarly registered, and thereupon the lien in respect of the real property is discharged.

'Municipal taxes' means taxes imposed for municipal and school purposes in respect of real property assessed as residential or farm property and includes local improvement or other special rates. 'Owner' means a person assessed as the owner of residential real property and includes an owner within the meaning of the *Condominium Act*. and that, in default of its being done by the person directed or required to do it, such matter or thing shall be done at his expense, the Borough shall have a lien for any amount expended by or on behalf of the Borough and for an administrative fee, including legal costs and disbursements, which administrative fee shall not exceed the reasonable administrative expenses of the Borough, and the certificate of the clerk of the Borough as to the total amount expended shall be admissible in evidence as *prima facie* proof of the total amount expended and such total together with the administrative fee shall be deemed to be municipal real property taxes and shall be added to the collector's roll of taxes to be collected and shall be subject to the same penalty and interest charges as real property taxes and shall be collected in the same manner and with the same remedies as real property taxes.

- (2) Before the certificate of the clerk of the Borough is issued under subsection (1), an interim certificate shall be served on the owner of the property that is subject to the lien, as well as to all prior mortgagees or other encumbrancers, which service shall be made by personal service or by registered mail addressed to the person to whom it is to be given at his usual or last known place of address, or, where the last known place of address is that shown on the registered instrument under which he acquired his interest, to such address, or by leaving it at one of such places of address, and where service is effected by registered mail, such service shall be deemed to have been made on the fourth day following the mailing of the certificate, and the affected owner, mortgagees or other encumbrancers shall have two weeks from the date of service of the interim certificate to appeal the amount shown thereon to the council of the Borough.
- (3) Where the council of the Borough has the authority under the *Planning Act* or the *Housing Development Act* to provide for the making of loans to the registered owners of land to pay for,
 - (a) the whole or any part of the cost of repairs required to be done; or
 - (b) the clearing, grading and levelling of the lands,
 on such terms and conditions as the council of the Borough may prescribe, the Borough shall have a lien for any amount loaned by or on behalf of the

Borough and for an administrative fee, including legal costs and disbursements, which administrative fee shall not exceed the reasonable administrative expense of the Borough incurred in connection with the loan, and the certificate of the clerk of the Borough as to the total amount loaned shall be admissible in evidence as prima facie proof of the total amount loaned and, if default is made with respect to any terms of the loan, the whole of the balance of the loan, together with accrued interest thereon at the time of the default, becomes due and payable forthwith and the amount of such balance including interest and including so much of the administrative fee as remains unpaid shall be deemed to be municipal real property taxes and shall be added to the collector's roll of taxes to be collected and shall be subject to the same penalty and interest charges as real property taxes and shall be collected in the same manner and with the same remedies as real property taxes.

13. Penalty.

Any by-law passed pursuant hereto shall be enforceable in the same manner as a by-law passed under the authority of the *Municipal Act*. Any such by-law may impose penalties of not more than Two Thousand Dollars (\$2,000.00) exclusive of costs upon every person who contravenes any provision of any by-law passed pursuant to this Special Act.

Orillia City Truck Lines Limited, 11715-X
47 James Street West,
Orillia, Ontario L5V 1K9,

IN THE MATTER OF the *Public Commercial Vehicles Act*, R.S.O. 1980, Chapter 407 as amended; and

IN THE MATTER OF the *Ontario Highway Transport Board Act*, R.S.O. 1980, Chapter 338; and

IN THE MATTER OF public commercial vehicle operating licence No. A-835 issued to Orillia City Truck Lines Limited.

NOTICE OF HEARING

TAKE NOTICE that the Honourable the Minister of Transportation and Communications pursuant to the provisions of Section 10a(1) of the *Public Commercial Vehicles Act*, R.S.O. 1980, Chapter 407, has referred to this Board for a hearing the public commercial vehicle operating licence No. A-835 issued to Orillia City Truck Lines Limited; and

FURTHER TAKE NOTICE that the Notice of Referral dated the 9th, day of September, 1982, issued by the Honourable the Minister of Transportation and Communications is in the following terms:

NOTICE OF REFERRAL

WHEREAS Orillia City Truck Lines Limited is the holder of public commercial vehicle operating licence A-835 issued pursuant to the *Public Commercial Vehicles Act*,

AND WHEREAS the said public commercial vehicle operating licence contains parts which are ambiguous or rights granted thereunder that are uncertain,

I hereby refer the said public commercial vehicle operating licence to the Ontario Highway Transport Board pursuant to subsection 10a(1) of the *Public Commercial Vehicles Act* for a hearing pursuant to the *Ontario Highway Transport Board Act* for resolution of any ambiguity or uncertainty in the said licence in accordance with section 10a of the *Public Commercial Vehicles Act*.

In the hearing of this reference and without restricting its generality I request the following parts of the said licence be considered:

1. On page 2 of the said licence, Route 2 authorized service to Metropolitan Toronto from Beaverton and a radius of 4 miles thereof. Beaverton is not an incorporated municipality and the area as defined in this privilege is uncertain.

2. Restrictions contained on page 3 of the said licence in regard to Route 3 make reference to shipments from and to:

"Breachin and the Townships of Mara and North Carden but restricted from Atherley or Uptergrove".

The effect of this restriction is ambiguous and uncertain in that there is no township of North Carden and points named, Atherley and Uptergrove are not incorporated municipalities.

3. An extension on page 3 of the said licence authorizes service "to Thorah Township properties located on that part of Zephyr Road between Cedarbrae and Zephyr and that part of Georgina

Township situated east of the road allowance between Concessions 6 and 7 and its projection northerly, being the division between Lots 15 and 16 of Concession 9 in that section of the Township of Georgina formerly known as North Gwillimbury Township. Restricted from serving Jackson's Point, Sutton and Sutton West". The effect of this restriction is uncertain as there are no Thorah Township properties located on Zephyr Road between Cedarbrae and Zephyr.

4. In Paragraph 1 and 2 on page 14 of the said licence there is a privilege for the carriage of goods within an area based on radii of a place known as Sutton. Sutton is not incorporated and the area to be served under this privilege is uncertain.
5. Extensions are granted on page 4 of the said licence to "serve Beaverton" and "to serve the whole of the Village of Cambridge". The rights granted by these two extensions are uncertain as such privileges do not appear to correspond to a Class 'A' type licence.
6. On page 5 of the said licence reference is made in the extension to the Township of Scott. The extent of this privilege is ambiguous and uncertain in that the Township of Scott has been amalgamated with the Township of Uxbridge.
7. On page 7 of the said licence there is the following prohibition:

"And provided further there be no movement of goods to or from the installations of Domtar Construction Materials Ltd., and/or Canada Brick Division of Martin Marietta (Canada) Ltd., at the City of Mississauga".

On page 9 of the said licence there is the following privilege granted:

"And provided further that the licensee shall not transport any shipments exceeding 3,000 lbs., in weight from the installations of Domtar Construction Materials Ltd., and/or Canada Brick Division of Martin Marietta (Canada) Ltd., in the Towns of Mississauga, Port Credit or Streetsville or the Townships of Chinguacousy and Vaughan unless previously authorized".

A similar restricted privilege contained in paragraph (d) on page 13 of the said licence reads as follows:

"Any shipment exceeding 3,000 lbs., in weight from the installations of Domtar Construction Materials Ltd., or Canada Brick, Division of Martin Marietta (Canada) Ltd., in the City of Mississauga, the Town of Vaughan or the Township of Chinguacousy".

The effect of these provisions in this licence raise uncertainty as to the effect of the prohibition contained on page 7.

8. Paragraph (a) on page 5 of the said licence contains the following:

"Provided that this operating authority or the combination thereof with any operating authority of this or any other licensee does not authorize the transportation of goods in any manner what-

soever, either directly or indirectly or by transfer or otherwise between Metropolitan Toronto and Oshawa or Oshawa and Orillia".

On page 11 there is an extension granted to the Class 'A' licence as follows:

"For the transportation of goods, between Metropolitan Toronto and the City of Orillia via King's Highways Nos. 11 and 400 with no pick-up or discharge privileges at intermediate points".

The effect of the provision referred to on page 5 of this licence is uncertain in view of the extension granted on page 11.

9. On page 17 of the said licence an extension is granted under the 'D' privileges for "rush shipments for Dominion Distributors Ltd., Toronto".

The effect of the restriction on shipments to "rush" shipments is uncertain.

10. On page 18 of the said licence paragraph (d) of the extension refers to the Township of Thorah. The effect of this extension is ambiguous and uncertain in that the Township of Thorah has been amalgamated with the Township of Brock.

Dated at Toronto this 9th day of September, 1982; and

FURTHER TAKE NOTICE that the Board has fixed the 26th day of November 1982, at 10.00 a.m., at its Chambers, 151 Bloor Street West, Toronto, Ontario for this matter to be heard; and

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 646/82.

Exemption—Ministry of the

Environment—MOE-24/2.

Made—September 24th, 1982.

Approved—September 24th, 1982.

Filed—October 1st, 1982.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF THE ENVIRONMENT—MOE-24/2

Having received a request from the Ministry of the Environment that the undertaking, namely:

The activity of establishing a water system to serve the Township of Delaware (Police Village of Delaware), consisting of a water distribution system, water storage standpipe, and a feedermain for the supply of water from the existing Komoka well field of the City of London which was exempted under Exemption Order MOE-24, which is filed as O. Reg. 832/81, from the application of the Act until February 26, 1982;

be further exempted from the application of the Act pursuant to Section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following damage or interference with the persons indicated will occur:

- A. The municipality will be damaged and interfered with by any delay in the establishment of the undertaking which would be caused if an individual environmental assessment had to be prepared for it pending approval under the Class Environmental Assessment which is being submitted for this type of undertaking.

Having weighed such injury or damage against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking be further exempted from the application of the Act for the following reasons:

- A. In the case of the Township of Delaware water system, (Ministry of the Environment project number 5-0229), this order exempts the establishment of a water distribution system within the Police Village of Delaware; a feedermain to be constructed along county roads to connect the proposed water distribution system with the existing City of London transmission pipeline from the Komoka well field, where it crosses Middlesex County Road No. 3. The undertaking also includes modifications to the well pumps and aerators and installation of high lift pumps and controls at the Komoka well facility. Alternative sources of water supply, both ground water and local surface water, do not have the capacity to serve the municipality. The City of London's existing Komoka well field can supply this capacity without the necessity of establishing additional wells;
- B. The undertaking is needed to overcome problems associated with servicing the existing population of the municipality and the restrictions which these problems have caused to be placed on future growth;
- C. The undertaking will have no significant adverse effects on the environment; and
- D. As a result of delays incurred in negotiating an agreement for the use of the Komoka well field and obtaining approval for the cost of the project, contracts for the construction of the project will be awarded prior to June 1, 1983 instead of February 26, 1982.

This exemption order is subject to the following terms and conditions:

1. Contracts for the construction of the project shall be awarded no later than June 1, 1983.
2. Where an activity which otherwise would be exempt under this order, is being carried out in connection with, or is part of, an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this order but shall be carried out in accordance with the approval to proceed. ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 647/82.

Exemption—City of Toronto—TOR-2/1.

Made—September 24th, 1982.

Approved—September 24th, 1982.

Filed—October 1st, 1982.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—CITY OF TORONTO—TOR-2/1

Having received a request from The Corporation of the City of Toronto that an undertaking, namely:

The activity of refurbishing of accommodation at the St. Lawrence Centre for the Performing Arts by the renovation of the interior and certain modifications to the exterior of the theatre including the addition of two levels of office space; which is currently exempted under Exemption Order TOR-2, which is filed as O. Reg. 256/81, from the application of the Act until September 30, 1982;

be further exempted from the application of the Act pursuant to Section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury or damage with the persons and property indicated will occur:

A. The City has entered into contracts with the result that the construction and renovations are in progress and the City, the St. Lawrence Centre for the Performing Arts and Toronto Arts Productions will be interfered with and damaged by the delay and expense required to prepare an environmental assessment if the current exemption is not extended beyond its expiry date of September 30, 1982.

B. The safety and enjoyment of the public will be interfered with if the undertaking is not completed expeditiously.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking be further exempted from the application of the Act for the following reasons:

A. The effects on the environment of the proposed activity would appear to be minimal and to be generally positive in nature. Hav-

ing regard to the nature and magnitude of the work, it appears that no useful purpose would be served by requiring the submission of an environmental assessment because the benefits of requiring an assessment do not appear to outweigh the damage which would be suffered by The Corporation of the City of Toronto, the St. Lawrence Centre for the Performing Arts and Toronto Arts Productions if an environmental assessment were required to be submitted.

B. As a result of many delays experienced by the City in getting this project started, the completion date of the project is expected to be March 31, 1983 instead of September 30, 1982.

This exemption order is subject to the following term and condition:

1. The undertaking shall be carried out and completed by July 1, 1983. O. Reg. 647/82.

O. Reg. 648/82, s. 9.

10. The revised portion determined in respect of an area municipality under subsection 9 (1) less the revised amount payable under subsection 9 (2) in respect of that area municipality shall for the purposes of this Regulation, be deemed to be the amount that such area municipality is required to raise as its share of the annual sum required for regional purposes for the year 1982. where,

A.P.G. = the apportionment guarantee grant.

a = the annual sum required for regional purposes.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 680/82.

Exemption—Corporation of City of

Owen Sound—OWEN-C—1.

Made—October 6th, 1982.

Approved—October 6th, 1982.

Filed—October 12th, 1982.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—CORPORATION OF CITY OF OWEN SOUND—OWEN-C—1

Having received a request from the City Manager of the Corporation of the City of Owen Sound that an undertaking, namely:

the activity of constructing, maintaining and operating the Owen Sound Bayshore Community Centre at the site identified in the letter and plans dated September 10, 1982 from Mr. L. Love, the City Manager,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The residents of Owen Sound and surrounding municipalities will be deprived of an arena and community centre for the longer period of time required to prepare and submit an environmental assessment to the Minister of the Environment.
- B. Construction by the City of Owen Sound will be delayed such that pending tenders will be jeopardized and costs of construction will be greatly increased because of failure to qualify for Wintario Enrichment Grant Deadlines.
- C. The construction of the community centre over the winter of 1982-83 will provide jobs for the people of the Owen Sound area and delay will mean these will not be available.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The City of Owen Sound has advised that the environmental effects of the construction and operation of the community centre are expected to be very limited and not adverse.
- B. The public has been made aware of the proposed construction of the community centre by public meetings including Planning Board, City Council and public display of the plans and drawings of the project, and the proponent advises that there are no outstanding public concerns.
- C. The community centre is for the comfort and convenience of the public and includes an artificial ice arena which is required to replace one which was demolished, and the arena and other facilities are required for the extensive varied programs to be carried on there.
- D. An Official Plan Amendment No. 14 designating the area for the proposed use and a zoning by-law amendment implementing the plan have been circulated to property owners within 120 metres of the site and no objections have been received which would prevent the Minister of Municipal Affairs and Housing or the Ontario Municipal Board from approving these amendments.
- E. A public fund raising campaign to assist in construction costs is already underway in the community.
- F. The proposal complies with the intent of the City's Official Plan Amendment No. 14 (known as Bayshore Secondary Plan) and will stimulate future development of the east bayshore of the city in accordance with the plan.
- G. The site is fully serviced with municipal services and no new municipal services need be constructed to the site save for the installation of public accesses over the Canadian Pacific Railway tracks.
- H. The North Grey Region Conservation Authority has approved the development and has entered into a long-term agreement with the City to permit the development.

This exemption is subject to the following terms and conditions:

1. The construction of the undertaking be commenced not later than the 30th day of April, 1983.
2. No fill shall be placed in Owen Sound Bay without the prior approval of Transport Canada.
3. Construction methods and schedules including lake filling and bank stabilization be conducted in a manner acceptable to the Ministries of Environment and Natural Resources in order to eliminate hazards to fisheries and other lake users.
4. Site drainage controls be implemented to eliminate hazards to fisheries and other lake users and be acceptable to the Ministries of Environment and Natural Resources.
5. No construction will be commenced until the approval of Official Plan Amendment No. 14 (Bayshore Secondary Plan) from the Ministry of Municipal Affairs and Housing is available, and approval of Zoning By-law No. 1982-55 is available. O. Reg. 680/82.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 681/82.
 Exemption—Ministry of Natural Resources—MNR-40.
 Made—October 7th, 1982.
 Approved—October 7th, 1982.
 Filed—October 12th, 1982.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-40

Having received a request from the Minister of Natural Resources that an undertaking, namely:

The activity of acquiring property within Westmeath Township, in the County of Renfrew, as described in Schedule A of this order and its subsequent regulation under the Provincial Parks Act as Westmeath Provincial Park and including those interim park management activities set out in Schedule B hereto;

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Highly significant and valuable biological and geomorphological features and sensitive natural environments will be damaged unless the land is protected from further development.
- B. The public will be damaged by the loss of anticipated local and regional economic benefits and by the loss of enjoyment of potential outdoor recreation activities.
- C. The Ministry of Natural Resources will be damaged by the interference with the Ministry's commitment to protect significant natural environments and to provide the public with outdoor recreation opportunities and in particular interference with long-standing negotiations to acquire the property described in Schedule A.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. Highly significant and valuable biological and geomorphological features and sensitive natural environments will be protected by regulating the subject property under the *Provincial Parks Act*, specifically through the anticipated designation of Nature Reserve Zones in a Natural Environment Park classification;
- B. Inability of the Ministry of Natural Resources to acquire the property at this time will result in alternate land use and development which cannot maintain the integrity, nor ensure the long-term protection of the area's valuable natural features;
- C. The Ministry of Natural Resources has undertaken lengthy negotiations to acquire the subject property which is currently available for purchase to the Ministry for a limited time only;
- D. Recreational opportunities will be increased;
- E. The creation of the new park will boost the local and regional economies by providing benefits to local businesses and tourist operations;

- F. The affected public, interest groups and local governments are in support of the creation of a park.

This exemption is subject to the following terms and conditions:

1. The interim management of the park will follow:

Ontario Provincial Parks Policy;

Ontario Provincial Parks

—Planning and Management Policies;

Park Management and Operating Plan Format; and,

Visitor Services Interim Policy.

2. The exemption provided in Exemption Order MNR-30/2 O. Reg. No. 264/82 does not apply to any facilities, activities or developments which are proposed to be implemented within the boundaries of this Provincial Park.

3. A list shall be provided to the Director of the Environmental Assessment Branch of all interim management activities pursuant to clause 2 (d) of Schedule B, at least 15 days prior to the proposed implementation of such activities.

4. This exemption expires on the earlier of October 7, 1985, or the coming into force of an approval under the *Environmental Assessment Act* of an undertaking pertaining to the development of this Provincial Park. O. Reg. 681/82.

O. Reg. 682/82.

Exemption—Ontario Hydro—OH-26/2.

Made—October 6th, 1982.

Approved—October 7th, 1982.

Filed—October 12th, 1982.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—ONTARIO HYDRO—OH-26/2

Having received a request from Ontario Hydro that an exemption order issued as OH-26 and filed as O. Reg. 539/82 be amended to reflect a change in the scope and the location of the undertaking, namely:

The activities of planning, designing, construction, operating, maintaining and using,

(a) a 24-inch steam supply line and a 10-inch condensate return line over Ontario Hydro property at the Bruce Nuclear Power Development (BNPD) from the Central Maintenance Facility to the proposed Delivery Gate at the BNPD two-mile boundary and thence to lands immediately east of the two-mile boundary and north of the 500 kV transmission line corridor and being part of the north-easterly portion of Lot C, Concession IV, in the Township of Bruce, in the County of Bruce (the "Property"); and

(b) the communication systems and related facilities required to supply heat energy by means of either of the 24-inch and the 10-inch lines referred to in paragraph (a) to a greenhouse heat energy customer to be located on the Property, and

providing sewage service for the greenhouse operation,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The plans of the expected owner of the Property involve a greenhouse operation. The greenhouse operator wishing to use the heat energy and his potential suppliers and employers will be adversely affected with any delay as the plans call for the construction of the greenhouses and the planting of crops so that produce therefrom will be available for market in the winter of 1983/84. Any delay may result in cancellation of these plans.
- B. Ontario Hydro will be interfered with and damaged by the delay and expense resulting from the preparation of an environmental assessment for an undertaking which is urgent, is of a minor nature and will have only minimal effects on the environment.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The immediate construction of this undertaking is necessary in order to meet the schedule of the proposed greenhouse development.
- B. This activity is in accordance with the provincial government objectives of bringing to economic fruition in a timely way the development of an agricultural undertaking by demonstrating the viability of using heat energy (steam), produced from uranium, as a substitute for the use of conventional fuels such as natural gas and oil for heating purposes.
- C. Ontario Hydro has advised me that through extensive review and involvement, the public and regional officials of the County of Bruce have expressed a high level of support for rapid implementation of the limited undertaking described herein.
- D. It is necessary to update exemption order OH-26 because the proposed greenhouse

operator prefers a long term security of tenure which could be obtained on private property rather than the relatively short term Ontario Hydro could assure him if he located on the Bruce Nuclear Power Development Site.

This exemption is subject to the following terms and conditions:

1. Where the carrying out of a project requires that some activity for which an environmental assessment has been done and an approval to proceed received, be conducted, that project shall be carried out in accordance with the environmental assessment and approval to proceed.
2. Ontario Hydro shall not permit steam from the Bruce Nuclear Power Development to be supplied to any users other than the greenhouse operation unless an approval under the Act for an undertaking which includes such supply is issued.
3. If Ontario Hydro establishes or permits the establishment of a greenhouse operation or steam service for a greenhouse operation pursuant to either this exemption order or exemption order OH-26 it shall not do so pursuant to the other. O. Reg. 682/82.

Environmental
Assessment Act

NOTICE OF APPROVAL TO PROCEED
WITH THE UNDERTAKING

RE: An Environmental Assessment for a Proposal to Increase the St. Catharines Area Electrical Supply

Proponent: Ontario Hydro

EA File No. 1-78-0017-000

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking, expired on December 31, 1981. I have received no

notices requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking.

I have considered the purpose of the *Environmental Assessment Act* and the environmental assessment of the undertaking as accepted by me.

Accordingly, I hereby give approval to proceed with the undertaking, subject to the 15 terms and conditions outlined in Schedule A attached.

REASONS:

The reasons for giving approval are:

- (1) After giving the *Notice of Completion of the Environmental Assessment Review* dated June 8, 1981, I received submissions from the City of St.

Catharines and from the Federation of Ontario Naturalists. Both of these parties indicated concerns with respect to specific aspects of the proposal by Ontario Hydro, but have not required a hearing. I do not consider it advisable to require the Environmental Assessment Board to hold a hearing at this time for the following reasons:

Meetings for the exchange of information and resolution of outstanding concerns have been successfully held. Neither Ontario Hydro nor the above-referenced parties have required a hearing. The parties who participated in the government review and who made submissions have concerns about a routing that would traverse Short Hills Provincial Park. However, these parties now understand the reasons for the choice of this route in relation to many others that were considered. The conditions of approval are designed to protect the environment in accordance with understandings and agreements reached involving Ontario Hydro, those parties who made submissions and the government review team. No Notices have been received requiring a hearing by the Environmental Assessment Board after giving the *Notice of Acceptance of the Environmental Assessment, dated December 8, 1981*. I am not aware of any outstanding issues with respect to this undertaking which suggest that a hearing should be called.

- (2) The environmental assessment, together with the Government review and conditions of approval, sufficiently fulfill the purpose of the *Environmental Assessment Act*, which is the betterment of the people of the whole or any part of Ontario by providing for the protection, conservation and wise management in Ontario of the environment.

Dated at Toronto, the 28th day of May, 1982.

K. C. NORTON,
Minister of the Environment,
135 St. Clair Avenue West,
14th Floor,
Toronto, Ontario M4V 1P5.

Approved by
O.C. No. 1383

February, 1982

This study will be made in consultation with, and according to the requirements of the regional archaeologist of the Ministry of Citizenship and Culture. In the

event of the discovery of any archaeological resources which will sustain negative effects, Ontario Hydro will make a commitment to the monitoring arrangements with the Ministry of Citizenship and Culture and carry out the arrangements in order to ensure that the negative effects will be reduced by means acceptable to the Ministry of Citizenship and Culture. The study design shall provide for a monitoring report to be submitted to the Director, Environmental Approvals Branch, Ministry of the Environment, within three months following completion of construction and a final report to be submitted not later than one year after the completion of construction.
12. (a) Ontario Hydro shall appoint an environmental field inspector whose role shall be to ensure compliance, during all phases of construction, with approved construction schedules, plans, procedures, specifications and drawings.
- (b) This environmental inspector shall have the power to stop work for work not in compliance with this approval and conditions.
- (c) The environmental inspector shall produce daily summary reports of his observations and activities. These reports will be filed weekly with the director, Environmental Approvals Branch, Ministry of the Environment.
13. Ontario Hydro shall ensure that the undertaking is carried out in accordance with the Ontario Hydro "Protocol for Community Noise Control".
14. Ontario Hydro is to give consideration to entering into an agreement with the Ministry of Natural Resources for an offsetting land purchase or exchange within or immediately adjacent to the Short Hills Provincial Park Reserve. Ontario Hydro are to submit a report to the Director, Environmental Approvals Branch, Ministry of the Environment, on the discussions and any agreements reached.

RE: An Environmental Assessment for a Proposed Sudbury Northwest By-Pass, Highway 144—New (Type II) From 3.0 km West of Regional Road 24 on Highway 17, Northerly for 18.0 km to Regional Road 15 at Chelmsford.

Proponent: Minister of Transportation and Communications

E.A. File No. 1-81-0036-000

TAKE NOTICE that the date for receipt by me of submissions or requirements for a hearing on the above environmental assessment and/or its review by the Ontario Government, pursuant to the *Notice of Completion of Environmental Assessment Review*, dated July 27, 1982, has expired as of September 10, 1982. I received one requirement for a hearing by that date. It was subsequently withdrawn on *September 10, 1982*. Therefore, I do not consider it advisable to require the Environmental Assessment Board to hold a hearing at this time.

ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT

I have considered the purpose of the Act, the above environmental assessment and the review, and am of the opinion that the environmental assessment is satisfactory to enable a decision to be made as to whether approval to proceed with the undertaking should or should not be given, or should be given subject to terms and conditions.

Accordingly, I accept the environmental assessment.

HEARING

Under section 13 of the Act, before I, or the Environmental Assessment Board, can consider whether approval to proceed with the undertaking should or should not be given, or should be given subject to terms and conditions, the proponent or anyone

having previously made a submission under subsection 7 (2) of the Act on the *Notice of Completion of Environmental Assessment Review* for this undertaking, may require a hearing by the Environmental Assessment Board with respect to whether approval to proceed with the undertaking should or should not be given, or should be given subject to terms and conditions.

The proponent has waived his right to a hearing on the approval of the undertaking and the one submission made under subsection 7 (2) has been withdrawn.

APPROVAL TO PROCEED WITH THE UNDERTAKING

I have considered the purpose of the Act and the environmental assessment of the undertaking as accepted by me.

Accordingly, I hereby give approval to proceed with the undertaking subject to the conditions set out below.

REASONS

The reasons for giving approval are:

1. On the basis of the proponent's Environmental Assessment and the review process, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.
2. No other more beneficial alternative method of implementing the undertaking was identified.
3. On the basis of the proponent's Environmental Assessment, the review process and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).

CONDITIONS

1. The Ministry of Transportation and Communications shall consult with the Ministry of the Environment Sudbury District Office prior to commencing construction in order to provide the Ministry of the Environment with the reasons for carrying out only one well water quantity test in the study area and, if more testing is requested by the Ministry of the Environment, carry it out.

2. The Ministry of Transportation and Communications shall located any residential water softeners immediately up-stream of the sampling location for the well water supply of residents L. Pilon and P. Pitre and, if there is a softener, MTC shall re-evaluate the quality of these wells and report the results to the MOE District Office.
3. The Ministry of Transportation and Communications shall consult with the Ministry of Natural Resources Sudbury District Office prior to conducting any activities on or near any water bodies to ensure that the Ministry of Transportation and Communications' construction practices are in compliance with Natural Resources' concerns.
4. The Ministry of Transportation and Communications shall consult with the Ministry of the Environment Sudbury District Office prior to commencing construction in order to provide the Ministry of the Environment with a construction timetable, details of construction practices for in-stream and near-stream work and site restoration methods and scheduling.
5. The Ministry of Transportation and Communications shall notify the local fire department services prior to the re-routing of traffic during construction of Highway 144—New.
6. The Ministry of Transportation and Communications may use the applicable Ministry of Transportation and Communications Class EA for road widenings or any similar procedure which may be available in the future to document the expansion to a four-lane facility of the Sudbury Northwest By-pass (Highway 144—New) within the presently proposed alignment.

Treasurer's Sale of Lands for Arrears of Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

Environmental Assessment Act

NOTICE OF APPROVAL TO PROCEED WITH THE UNDERTAKING

RE: An Environmental Assessment for Stormwater Management in the Morningside Tributary Watershed of the Tapscott Industrial District

Proponent: Borough of Scarborough

E.A. File No. 1-80-0020-000

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking, expired on August 17, 1982. I have received no notices requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking.

I have considered the purpose of the Act, the Government Review, the environmental assessment of the undertaking and the supplemental information as accepted by me.

Accordingly, I hereby give approval to proceed with the undertaking subject to the terms and conditions outlined in Schedule A (attached).

REASONS:

The reasons for giving approval are:

1. On the basis of the proponent's Environmental Assessment and the review process, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.
2. No other more beneficial alternative method of implementing the undertaking was identified.
3. On the basis of the proponent's Environmental Assessment, the review process and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).
4. I have received no notice requiring a hearing by the Environmental Assessment board after giving the *Notice of Completion of Environmental Assessment Review*, dated April 22, 1982 and after giving the *Notice of Acceptance of the Environmental Assessment*, dated July 19, 1982. Four submissions were received which raised a number of concerns. These concerns have been addressed through the conditions of approval. I am not aware of any outstanding issues with respect to this undertaking which suggest that a hearing should be called.

Dated at Toronto, this 22nd day of October, 1982.

KEITH C. NORTON,
Minister of the Environment,
135 St. Clair Avenue West,
14th Floor,
Toronto, Ontario M4V 1P5.

Approved by
O.C. No. 2778/82

1. The Borough of Scarborough shall submit the following information to be approved by the Director of the Environmental Assessment Branch of the Ministry of the Environment at the detailed design stage:
 - (i) Detailed design drawings and specifications, and construction, operation and maintenance procedures for the storm water management system, that adequately incorporate environmentally sound planning and construction considerations, to be enforced by an appointed on-site inspector before and during project construction;
 - (ii) A program for water pollution control involving: technical design, monitoring and maintenance components, contingency plans for accidental spills, and policies that identify when and how source controls and treatment facilities closer to the source will be applied. This program will be periodically updated as industries develop in the area concerned;
 - (iii) Detailed design and operation procedures for effective water quantity and quality control in the storm water management pond, especially during storm events which exceed the design capacity of the pond; and
 - (iv) Detailed plans showing the design of the pond and the use of construction materials and replanting schemes intended to integrate the pond into its natural surroundings.
2. The proponent shall monitor base flows in the Morningside Tributary System for one year after approval of the undertaking, to verify existing data and determine at the final design stage, the detailed mitigation measures required to correct significant base flow reductions if they occur. The proponent shall submit a report prior to construction on the chosen mitigation measures to the Director of the Environmental Assessment Branch for filing in the public record of this undertaking.
3. To minimize the environmental impacts of construction through sensitive areas such as the area south of Steeles Avenue, the Borough of Scarborough shall follow the guidelines set out in "Environmental Considerations for the Planning and Construction of Provincial Sewer and Water Projects," Ministry of the Environment, 1977.
4. The proponent shall submit reports outlining the successes and failures of the monitoring and mitigation programs during construction, with special emphasis on sensitive areas such as the area south of Steeles Avenue. These reports shall be submitted biannually during the construction period commencing not later than three months after the start of construction and a final report not later than six months after the completion of construction, to the Director of the Environmental Assessment Branch for filing in the public record of this undertaking.
5. The Borough of Scarborough shall submit to the Director of the Environmental Assessment Branch for approval and for filing in the Public Record, the terms of the final agreement reached between Scarborough and Ontario Hydro concerning the design of the storm water management pond, its location and the legal nature of the transfer to the proponent of property rights for this undertaking. Two copies of this agreement must be submitted prior to the detailed design stage.
6. The proponent should examine the need to designate the Morningside tributary as a special policy area within the framework of the Ontario Government's 'Floodplain Criteria' policy, and if deemed necessary, implement the designation through the Metropolitan Toronto and Region Conservation Authority, and the Ministries of Natural Resources and Municipal Affairs and Housing. If a portion of the floodplain is designated as a 'special policy area', this should be apparent in the final design plans and specifications.
7. The Borough of Scarborough shall consult during the preparation of detailed designs with those public groups namely, the Toronto Field Naturalists, Save the Rouge Valley System and Golf Leaseholds, which had raised concerns with the Ministry of the Environment regarding this proposal.
8. Except as provided by these conditions, the proponent shall comply with all of the provisions of the EA as accepted.

NOTICE OF PUBLIC MEETING

What is known as the 'Metro A' licence is an authority held by a large number of public commercial vehicle operators authorizing them to serve the Metropolitan Toronto 'Commercial Zone'. The description

of this zone has been extended over time to accommodate the needs of shippers and carriers to serve an expanding Metropolitan Toronto commercial area. Although there are variations the present standard description is:

For the carriage of goods, between Metropolitan Toronto and the City of Mississauga, excluding the Toronto International Airport, that part of the Town of Vaughan bounded on the west by King's Highway No. 400, on the north by Sherwood Road (also known as Carrville Road) and on the east by Keele Street running south to Langstaff Road and by Dufferin Street running south from Langstaff Road, that part of the Town of Markham bounded on the north by Carrville Road (also known as 16th Avenue) and on the east by Kennedy Road, that portion of the City of Brampton bounded on the north by Peel Regional Road No. 16, the Town of Ajax and that part of the Town of Pickering on and south of King's Highway No. 7.

PROVIDED there be no service to or from that portion of the City of Brampton known as the Town of Brampton as at December 31st, 1973.

PROVIDED FURTHER that the licensee shall not transport any shipment exceeding 3,000 pounds in weight from the installations of Domtar Construction Materials Limited and/or Canada Brick, a division of Martin-Marietta (Canada) Limited in the City of Mississauga, the Town of Vaughan or the City of Brampton unless previously authorized.

In the Greystone Cartage & Express Ltd., decision issued on June 23, 1982 the Board granted a geographic extension to a 'Metro A' area and indicated that the existing 'Metro A' boundaries are due for revision, at least so far as they restrict the licence holder to serving a portion of certain municipalities.

The Board has now received a large number of similar applications to eliminate these split municipalities and has indicated to the applicants that a policy meeting will be held to receive submissions on how such applications and the issues they raise may best be dealt with.

The terms of these applications are as follows:

"For the carriage of goods between:

1. Metropolitan Toronto;
2. the City of Mississauga;
3. the City of Brampton;
4. the Town of Markham;
5. the Town of Vaughan;
6. the Town of Ajax;
7. the Town of Pickering".

The purpose of this public meeting will be to develop a procedure for dealing with these applications and any similar ones that may be filed on an expeditious basis and to consider any other matters relevant to licensing within the Metro Toronto Commercial Zone including the advisability of any other changes in the 'Metro A' language.

The Board proposes to issue a policy statement as a guide to present and future applicants after hearing submissions at this meeting.

The meeting will be held at 2.00 p.m., on Friday, January 7, 1983 at the Boards Chambers, Hearing Room 1, 151 Bloor Street West, 10th Floor, Toronto, Ontario.

Interested parties are invited to attend.

Parties unable to attend are encouraged to send their comments in writing to the Secretary of the Board.

NOTICE OF PUBLIC MEETING

82-10-29
PROPOSED

POLICY STATEMENT

ITEM:

Procedures for issuing non-permanent authorities pursuant to the *Public Commercial Vehicles Act* and the *Public Vehicles Act* of Ontario and the *Motor Vehicle Transport Act* (Canada).

OBJECTIVE:

To provide an efficient, equitable and flexible system for considering applications for special, temporary and interim authorities.

COMMENT:

The Board issues three (3) types of non-permanent operating authority as follows:

1. *Special Authority* is normally applied for and granted by telegram or telex for a period of up to seven days. The Minister has delegated his power to issue such an authority under Section 6 (4) of the *Public Commercial Vehicles Act* and Section 5 (6) of the *Public Vehicles Act* to certain members of the Board.
2. *Temporary Authority* is applied for on the standard application form and must be

accompanied by affidavit evidence from the shipper(s) requiring the service. The authority normally provides that it will expire at the end of a specified term or upon a specified day and contains language providing for its cancellation upon the determination by the Board that an existing licensed carrier is in a position to provide the service or that the service is no longer required.

3. *Interim Authority* is also applied for on the standard application form and must be accompanied by affidavit evidence from the shipper(s) requiring the service along with an application for permanent authority.

An interim authority terminates when a decision is rendered on the application for permanent authority or, similar to the temporary authority, upon the determination by the Board that an existing licensed carrier is in a position to provide the service or that the service is no longer required.

Interim and temporary authorities are granted pursuant to Section 7 (2) (c) of the *Public Commercial Vehicles Act* and Section 4 (2) (c) of the *Public Vehicles Act*.

STATEMENT:

The Board will issue a non-permanent operating authority if it is satisfied that it has received a request to meet an urgent need to provide a service that no currently licensed carrier is able to provide.

Special Authority

Applications for special authority are dealt with by telex or telegram. Such applications are considered in Chambers without public notice but copies of decisions are posted on the Board's Bulletin Board on the 2nd Floor at its Offices at 151 Bloor Street West, Toronto.

These authorities usually involve a specific move or moves and are issued for a maximum period of seven days but may be renewed to a maximum of 21 days to accommodate an emergency of such duration or to allow additional time for the filing and disposition of an application for temporary or special authority. To be eligible for a special authority the applicant must be the holder of a current operating licence.

Temporary and Interim Authority

Applications for temporary or interim authority are normally considered without hearing or public notice. They are made on the standard application form and must be accompanied by affidavit(s) from the shipper(s) requiring the service. The affidavit(s) should outline:

- (a) the reason for the urgency;
- (b) the product and the volume of the product to be transported;
- (c) the steps taken by the shipper to ascertain what authorized carriers if any, are available to perform the service; and
- (d) the rate to be paid.

The Board may:

- (a) deny the application;
- (b) issue a certificate; or
- (c) request further information.

Once the application has been received a copy will be posted on the Board's Bulletin Board. Opposition may be filed with respect to such an application within seven days of its posting and should indicate that an offer to provide the required service has been made to the shipper. The opposition and notice may be in the form of a telex, telegram or letter and a copy must be served on the applicant.

The board will set aside a day each week at 10.00 a.m. for the consideration of submissions made with respect to applications for which opposition has been filed during the previous seven days.

The sitting panel may:

- (a) deny the application;
- (b) issue a certificate; or
- (c) adjourn the hearing.

Opposition to an application received after the seven day period but prior to the issuance of a decision on the application may be heard at the next subsequent weekly meeting.

Opposition to an application filed with the Board after a certificate has been granted may be heard by the Board at a time and place to be set by the Board. Notice of the hearing will be given the applicant and the respondents by telex or telegram and posted on the Board's Bulletin Board.

The Ontario Trucking Association or the Ontario Motor Coach Association will also be notified of the hearing.

If no opposition is filed within the seven day period the Board may proceed to issue or deny the application in Chambers.

Prior to making a decision the Board may contact licensed carriers to ascertain whether they are prepared to provide the service.

The issue to be determined in any decision on this type of application shall be whether there are licensed carriers available to provide the service.

Special Circumstances

The Board may also issue non-permanent authorities in special circumstances, for example, where the issuance of such an authority will permit the continuation of a service previously provided by the applicant under an operating licence (see Board Policy Statement No. 004/79-8-2 "Renewal of a Public Commercial or Public Vehicle Operating Licence").

A public meeting will be held at 2.00 p.m., on Friday, January 14, 1983 at the Board's Chambers, Hearing Room 1, 151 Bloor Street West, 10th Floor, Toronto, Ontario to receive submissions on this proposal.

Interested parties are invited to attend.

Persons unable to attend are encouraged to send their comments in writing to the Secretary of the Board.

(7) Notwithstanding subsections (1), (2), (3), (4) and (5), the Minister may at any time require a collector, importer, registered consumer or interjurisdictional carrier to make a return covering such period and including such information as the Minister may determine and the collector, importer, registered consumer or interjurisdictional carrier shall remit to the Treasurer with the return the tax collectable and payable by the collector, importer, registered consumer or interjurisdictional carrier, as the case may be, during such period.

(8) Notwithstanding subsections (1), (3), (4) and (5) the Minister may, upon application in writing, authorize a collector, registered consumer or interjurisdictional carrier, who closes his books at the end of periods that do not coincide with calendar months and that are no longer in duration than five weeks, to file the returns required by subsections (1), (3), (4) and (5) with respect to such periods.

(12) Where the Minister has required a collector or interjurisdictional carrier to file returns for an extended period under subsection (10) and the collector or interjurisdictional carrier fails to file a return within the time prescribed in subsection (11), the collector or interjurisdictional carrier shall thereafter file a return in accordance with subsection (1), (3), (4), (5) or (8), as the case may be. O. Reg. 772/82, s. 8.

(3) A seal referred to in subsection 25 (2) of the Act shall be in Form 15.

(4) A label referred to in subsection 25 (2) of the Act shall be in Form 16 or Form 17, as the case may be.

(5) A notice of objection referred to in section 14 of the Act shall be in Form 18.

(6) A notice of appeal referred to in section 14 of the Act shall be in Form 19. O. Reg. 772/82, s. 9.

10.—(1) Subject to section 21 of the Act, where it has been established to the satisfaction of the Minister that tax has been wrongly paid under the Act,

- (a) by any person in respect of any product that is excluded by regulation from the application of the Act;
- (b) by any person exempt by regulation from the payment of tax imposed by the Act;
- (c) on the use of fuel for any purpose other than generating power by internal combustion; or
- (d) on fuel the use of which is by Regulation made under the Act exempt from tax imposed by the Act,

such tax may, upon application by the person who paid the tax, be refunded to the applicant.

(2) Subject to section 21 of the Act the Minister may, upon application from a purchaser, refund the tax paid on clear fuel purchased where the fuel has been used to operate auxiliary equipment of a motor vehicle, the power from which auxiliary equipment is not used or designed for the propulsion of a motor vehicle on the highway, and where the motor vehicle to which such equipment is auxiliary is not principally used by its owner or operator for the transportation of passengers, whether or not for hire, or for the pleasure or recreation of the owner or operator.

(3) Every purchaser who applies for a refund of tax under this section or under section 21 of the Act shall maintain in a form satisfactory to the Minister records that show,

- (a) all of such purchaser's acquisitions, inventories and uses of clear fuel and coloured fuel; and
- (b) a differentiation among uses of fuel sufficient to establish to the satisfaction of the Minister the entitlement of the applicant to the refund sought.

(4) Every invoice submitted in support of an application for a refund under this section or under section 21 of the Act shall show clearly, in addition to that information required to be shown on the invoice required under section 6 (1) of the Act, the date of payment of the tax, and no refund shall be paid in respect of any invoice or invoices on or in connection with which the applicant has misrepresented a material fact.

(5) Where an application for a refund under this section or under section 21 of the Act is supported in whole or in part by an invoice or invoices on or in connection with which the applicant has misrepresented a material fact, the amount of the refund that may be made by the Minister in respect of the application shall be reduced by the greater of \$5 or 200 per cent of the amount of the refund claimed through the use of the invoice or invoices on or in connection with which the misrepresentation is made.

(6) The use of fuel to propel railway equipment on rails where such equipment is operated in connection with and as part of a public transportation system is prescribed to be excluded from the application of section 21 of the Act.

(7) Subject to section 21 of the Act, where it has been established to the satisfaction of the Minister that tax has been overpaid under the Act by a broker-driver in respect of fuel purchased by him to generate power in a motor vehicle of an interjurisdictional carrier who is the operator of such motor vehicle, the Minister may, subject to subsection (8) and upon application by the broker-driver, refund directly to him the tax that, had such application for a refund not been received, would have been refunded to the operator of such motor vehicle.

(8) A refund referred to in subsection (7) shall be made only where the Minister has received sufficient information from both the operator and the broker-driver described in that subsection to enable him to determine the correct amount of the refund to be made and no refund shall be made under that subsection in respect of moneys that, prior to receipt of the broker-driver's refund application, have been paid to the operator.

(9) A purchaser who applies for a refund of tax under this section or under section 21 of the Act shall, subject to subsection (10), complete and forward to the Minister an application for a refund of fuel tax in Form 11.

(10) An application made in accordance with subsection (9) may exclude the calculation of the amount of refund and, where excluded, such calculation shall be made by the Minister and a written statement thereof delivered to the person who applied for the refund.

(11) An Indian registered under section 5 of the *Indian Act* (Canada) who purchases clear fuel on a reserve for use by him or another registered Indian at his expense may apply for a refund under this section.

(12) For the purposes of subsections (7) and (8), "operator" means,

- (a) the registered owner under the *Highway Traffic Act* of a motor vehicle or a fleet of motor vehicles or a person who would be so registered but for a reciprocal agreement between Ontario and another jurisdiction provided that such registered owner or other person is the holder of a licence or permit that is required under Regulation 832 of Revised Regulations of Ontario, 1980 made under the *Public Commercial Vehicles Act*, but does not include a broker-driver;
- (b) the lessee of a motor vehicle who holds a valid registration certificate under section 3 of the Act and owns and operates as an interjurisdictional carrier one or more motor vehicles and includes the lessee of such motor vehicle or motor vehicles under any lease purchase agreement, but does not include a broker-driver. O. Reg. 772/82, s. 10.

11.—(1) In this section, "debtor" means a person to whom a collector or importer has sold fuel.

(2) Subject to subsection (3), the Minister may, upon application in Form 12 by a collector or importer together with such information as the Minister may require, refund amounts remitted by the collector or importer to the Treasurer on account of tax collectable under the Act in the proportion that the sale price, including tax, of the fuel in respect of which the amounts were remitted has become uncollectable by the collector or importer where the tax collectable is in respect of the collector's or importer's sales made in bulk.

(3) No refund shall be made under this section where,

- (a) the tax collectable is in respect of fuel delivered by the collector or importer directly into the fuel tank of a motor vehicle; or
- (b) the collector or importer has assumed responsibility for the collection of the debt arising from the sale of fuel by a person other than the collector.

(4) For the purpose of subsection (2), an amount shall be considered to be uncollectable where,

- (a) the collector or importer has been unable to recover the amount payable to him;
- (b) the collector or importer has demanded in writing payment of the amount payable within one month of the sale and thereafter at regular intervals of not more than one month for a period of six months; and
- (c) the collector or importer has taken all steps to effect collection that, in the opinion of the Minister, are reasonable.

(5) Where a debtor has become a bankrupt, the collector or importer shall notify the Minister of bankruptcy within ten days of the collector's or importer's receipt of the notice of the first meeting of creditors, and where the Minister is not so notified, he may refuse to make any refund under this section unless he is satisfied that the Treasurer has suffered no financial loss from the Minister's being unable, through the collector's or importer's failure to give notice of the bankruptcy within the said ten days, to file a proof of claim in the bankruptcy, in which case the Minister may refund to the collector or importer the whole or such lesser amount of the refund claimed as the Minister determines to be reasonable in the circumstances.

(6) Where a refund has been made under this section, the tax in respect of which amount has been remitted to the Treasurer shall remain payable to the Treasurer, and such tax shall be paid to the Treasurer out of any subsequent recovery made by the collector or importer in accordance with the allocation described in subsection (7).

(7) For the purposes of this section, where a collector or importer receives payment from or on behalf of a debtor, the collector or importer shall allocate such receipts, both before and after any refund under this section has been made by the Minister, to outstanding amounts payable by the debtor in the order of date of sale, and proportionately between the tax collectable and the other outstanding amounts payable by the debtor in respect of his purchases from the collector or importer. O. Reg. 772/82, s. 11.

12. This Regulation shall be deemed to have come into force on the 1st day of September, 1982. O. Reg. 772/82, s. 12.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 776/82.
Exemption—The Corporation of the Township of Adelaide—ADEL-TP-1.
Made—October 22nd, 1982.
Approved—October 22nd, 1982.
Filed—November 23rd, 1982.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE CORPORATION OF THE TOWNSHIP OF ADELAIDE—ADEL-TP-1

Having received a request from the Corporation of the Township of Adelaide that an undertaking, namely:

the exercise of an option in respect of and the purchase of a 3 acre parcel of land on part of Lot 15, Concession I, N.E.R. in the Township of Adelaide in the County of Middlesex,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that, if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons or property indicated will occur:

The property purchase costs would increase and the property may not be available for purchase thus, making the property a less viable alternative available to the Township of Adelaide as a potential sanitary landfill area.

Having weighed such injury, damage, or interference, against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and does hereby order that the undertaking is exempt from the application of the Act for the following reasons:

- A. The preliminary investigation of alternatives by the proponent indicate that this property has a high potential as a sanitary landfill site.
- B. The proponent has initiated pre-submission consultation with the Ministry and has prepared preliminary studies on sanitary landfill proposals.
- C. If the proponent proceeds with its plans to establish a sanitary landfill site, this exemption for the purchase of property, will not preclude the application of the EA Act to subsequent plans or proposals in respect of a site.

This exemption is subject to the following terms and conditions:

1. The acquisition of the property by the Corporation of the Township of Adelaide shall not be used as reason or argument for the siting of any facilities which are subject to the Act.
2. This exemption will expire on *January 31, 1983*. O. Reg. 776/82.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 779/82.

Exemption—The Corporation of the City of Brockville—BROC-C-2.

Made—November 17th, 1982.

Approved—November 17th, 1982.

Filed—November 24th, 1982.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE CORPORATION OF THE CITY OF BROCKVILLE—BROC-C-2

Having received a request from the Corporation of the City of Brockville that an undertaking, namely:

the exercise of an option in respect of and the purchase of a parcel of land of about 188 acres on Lots 15 and 16, Concession I, Augusta Township, County of Grenville,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons or property indicated will occur:

The property purchase costs could increase and the property may not be available for purchase thus, making the property a less viable alternative available to the City of Brockville as a potential sanitary landfill area.

Having weighed such injury, damage, or interference, against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and does hereby order that the undertaking is exempt from the application of the Act for the following reasons:

- A. The preliminary investigation of alternatives by the proponent indicates that this property has a high potential as a sanitary landfill site.
- B. The proponent has initiated pre-submission consultation with the Ministry on an environmental assessment for its proposed waste disposal undertaking and has prepared preliminary studies on sanitary landfill proposals.
- C. If the proponent proceeds with its plans to establish a sanitary landfill site, this exemption for the purchase of property, will not

preclude the application of the EA Act to subsequent plans or proposals in respect of a site.

This exemption is subject to the following terms and conditions:

1. The acquisition of the property by the Corporation of the City of Brockville shall not be used as reason or argument for the siting of any facilities which are subject to the Act.
2. This exemption will expire on July 31st, 1983. O. Reg. 779/82.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 780/82.

Exemption—Ministry of Government Services—MGS-50.

Made—November 10th, 1982.

Approved—November 17th, 1982.

Filed—November 24th, 1982.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-50

Having received a request from the Minister of Government Services that an undertaking, namely:

The activity of constructing a Courthouse and Registry Office facility in the City of Ottawa on part of Cartier Square,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Minister of Government Services that if the undertaking is subject to the application of the Act, the following damage or interference with the persons indicated will occur:

- A. The Ministries of the Attorney General, and Consumer and Commercial Relations will be interfered with, because they urgently require the undertaking to overcome existing inadequate facilities which severely hamper effective and efficient program delivery and the Ministry of Government Services has been unable to prepare an environmental assessment in sufficient time to meet the requirements of the other two Ministries

because the Ministry of Government Services has been preparing a class environmental assessment for this type of activity; and

- B. The public will be interfered with and damaged because the level of service available from the Ministry of Government Services' Client Ministries, the efficiency with which it is effected and the access to that service is diminished by the inadequacies of the existing accommodations.

Having weighed such damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proposed undertaking is needed to replace the use of current court and land registry facilities which are both inadequate and undersized in terms of modern standards and current operational needs; and
- B. The Minister of Government Services has assured me that the undertaking will not have any significant adverse effect on the environment, based in part, upon the following:

— Adequate services exist or can be made available at site to accommodate the development; and

— The undertaking has been scrutinized by both the National Capital Commission and the City of Ottawa and the project will be constructed in accordance with the design and planning guidelines established by both these parties.

This exemption is subject to the following terms and conditions:

1. Tenders for construction of the facility will be awarded in two stages, with stage one being awarded no later than July 1, 1983 and stage two being awarded no later than December 1, 1983.
2. The Ministry of Government Services notify the Environmental Assessment Branch, Ministry of the Environment between 30 and 100 days prior to the calling of tenders for each stage of the project, advising that the Ministry of Government Services has reviewed the undertaking and is of the opinion that the current situation under which the project is proposed is unchanged from the situation that existed on the date that this exemption order was issued.

3. The copy of the supporting documentation for this exemption request, be included in the public record.
4. No Heritage buildings on Cartier Square be demolished in connection with this undertaking. O. Reg. 780/82.

The activity of making a portion of the site of the former Burwash Corrections Centre, lying approximately 40 km south of Sudbury and east of Highway 69, available by way of a lease for use in relation to the Burwash Native People's Project,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following damage or interference with the persons indicated will occur:

- A. The Crown will be damaged and interfered with by the undue expense required to prepare an environmental assessment for an undertaking that will have no significant adverse effect on the environment;

Having weighed such damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertak-

ing is exempt from the application of the Act for the following reasons:

- A. The Minister of Government Services has advised me that the uses which will be made of the leased lands are similar to its previous uses and that any changes in land use will not be significant.

This exemption is subject to the following terms and conditions:

1. That the Ministry of Government Services enter into the lease no later than June 30, 1983.
2. That the activities to be carried out at the property be similar to those activities cited in the description of the Burwash Native Peoples Project, which description is contained in the supporting documentation for the request for exemption, and a copy of this supporting documentation be placed in the public record.
3. Where an activity which otherwise would be exempt under this order, is being carried out in connection with, or is part of, an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this order but shall be carried out in accordance with the approval to proceed. Equalization of Assessments Made Under

Section 63 of the Assessment Act.

Made—November 30th, 1982.

Filed—November 30th, 1982.

REGULATION MADE UNDER THE
ASSESSMENT ACTEQUALIZATION OF ASSESSMENTS MADE
UNDER SECTION 63 OF THE
ASSESSMENT ACT

1. The equalization of assessments under the Act in each prescribed class of real property necessary in order to provide, for each municipality specified in the Schedule to this Regulation, assessments of real property that, in accordance with section 63 of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1982 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1982 in the municipality shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1982 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment for that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in that municipality, the municipal and school taxes that would have been so levied for the year 1982 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the municipality for the year 1982 against the total assessment for that prescribed class of real property in that municipality.
2. All real property within a prescribed class of real property in the same municipality shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1980, as that market value is determined by the Assessment Commissioner in whose Assessment Region such real property is located.
3. The total assessment, including assessments made under section 32 or 33 of the Act, of the

real property in a municipality to which this Regulation applies shall not be increased or decreased substantially.

4. Equitability of assessment of real property within each prescribed class of real property in the same municipality shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the same municipality, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of a prescribed class of real property by reason of assessments made under section 32 or 33 of the Act. O. Reg. 787/82, s. 1.

2. This Regulation applies to the municipalities named in the Schedule to this Regulation and to the assessment to be shown on the assessment roll to be returned in each such municipality for the year 1982 for taxation in the year 1983. O. Reg. 787/82, s. 2.

3. For the purposes of this Regulation, the real property situate in each municipality named in the Schedule to this Regulation shall be divided into the prescribed classes of real property that are designated in the said Schedule for that municipality, and all real property in the municipality shall be allocated to that prescribed class of real property that most nearly describes the physical nature and characteristics of the real property. O. Reg. 787/82, s. 3.

4. For the purpose of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the municipality shall be that shown in the Schedule to this Regulation opposite the number of the prescribed class applicable to that municipality. O. Reg. 787/82, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

CLASS 1

IN THE MATTER OF the *Public Commercial Vehicles Act*, R.S.O. 1980, Chapter 407;

AND IN THE MATTER OF the *Ontario Highway Transport Board Act*, R.S.O. 1980, Chapter 338;

AND IN THE MATTER OF the application of D. Bruce Chambers for a Class 'R' operating licence as published in THE ONTARIO GAZETTE dated August 14, 1982, pursuant to Section 8 of 1980 Regulation 716 as reference No. 35148.

NOTICE

The Ontario Highway Transport Board pursuant to the provisions of Section 16 of the *Ontario Highway Transport Board Act*, R.S.O. 1980, Chapter 338, will rehear the application of D. Bruce Chambers for a Class 'R' operating licence as published in THE ONTARIO GAZETTE dated August 14, 1982, in the following terms:

"For the carriage of:

- (a) sand, gravel, earth, crushed or uncut rock and stone, asphalt mixes, slag and rubble;
- (b) salt, calcium chloride, a mixture of sand and salt, and asphalt mixes directly to highway construc-

tion or maintenance sites or to stockpiles for further use on highway construction or maintenance sites".

Restricted to one vehicle. Regions 2 and 3".

The Board will reopen the hearing of the application held on September 21, 1982 for the purpose of allowing the applicant to present additional evidence to the original panel.

At the conclusion of the original hearing the case was adjourned to a new date to allow the applicant to present additional witnesses. It was indicated that written notice of the new date would be forwarded to the applicant. Through inadvertence this was not done and the applicant did not appear at the hearing as a result of which an Order denying the application was issued. The applicant was thus denied the opportunity to present further evidence and the panel of the board not afforded the opportunity to have before it all possible facts upon which to determine whether or not public necessity and convenience warranted the issuance of a licence.

The hearing will take place at The Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario at 10.00 a.m. in the forenoon on Monday, January 24, 1983.

(1860) 52 C. I. DAVILA (MRS.),
